

Judith Zaffirini is the kind of ally our public schools and our kids need in the Texas Legislature to protect their future.

—Donna New Haschke,  
TSTA president

## Judith Zaffirini Stands up **FOR KIDS**

Sen. Judith Zaffirini has put kids first in every one of the tens of thousands of votes she has cast and the hundreds of bills she has carried in the Texas Senate since 1987. She has shown her consistent commitment to our kids and our public schools and teachers. We need to keep this good friend and key ally in the Senate, where her priorities will continue to include:

- Ending the TAKS test and replacing it with an accountability system that works.
- Getting teacher pay up to at least the national average.
- Bringing Texas' per-pupil expenditure up to at least the national average.
- Reducing class sizes.

Judith Zaffirini opposes siphoning off public dollars from our public schools and sending them to private schools.
